I am committing to membership in the Finns Ranch CSA for the 2017/18 Winter season. As a member, I will pick up my share according to the determined schedule, and will communicate with the farm clearly and make payments in a timely fashion. I acknowledge that through my CSA membership, I am sharing the risks of farming: my CSA share may vary from week to week, and the farm cannot guarantee the availability of particular items, but I will receive a nice variety of the products. I will pay in full to reserve my share. I understand that my CSA membership is not refundable but that I may sell or transfer it to another person or household should I choose to discontinue my membership. By participating in the Finns Ranch CSA, I am bringing healthy, locally grown food to my home and supporting small-scale, organic farming in my community. I agree to enjoy my products to the fullest extent of the law and tell all my friends!
